THE BIG DOWN TOWN CLOTHIERS

ENTRY INTO KIMBERLEY.

Besieged Garrison Was Almost Frenzied With Joy.

MODDER RIVER, Natal, Feb. 20.—Although the rapid march of General French's division was marked by a number of conflicts the actual entry into Kimberley was unopposed. When the British were still 8 miles off the signalling corps intercepted a heliograph message from the beleaguered garrison to Modder river saying:

"The Boers are shooting the town."
The advancing column replied:

"This is General French coming to the relief of Kimberley."
The garrison was incredulous and thought the message was a Boer ruse and flashed the query:

"What regiment are you?"

The reply satisfied the deliveries of Kimberley that the anxiously awaited succor was at hand. A few hours later General French, at the head of a column, made a triumphant entry into the place, the people surging the troops and intermingling with them, cheering wildly, grasping the soldiers' hands, waving flags, hats and handkerchiefs and exhibiting in a hundred ways the intensity of their joy.

The inhabitants had been on short rations for some time, eating horse flesh and living in burrows under heaps of mine refuse. The rations were served out daily at 11 o'clock in the market square under the shellfire of the enemy, whose guns opened on the square when ever the inhabitants assembled. No horse food was left.

Throughout the siege Cecil Rhodes bore the natives with work and food and the public kept them quiet.

The miles of convoy, bearing provisions for the relief of the column and the town, slowly winding its way across the plain in the direction of Kimberley, was the gladdest sight which greeted the eyes of the besieged for four months.

General French's march was so rapid and the heat so intense that many of his horses died of exhaustion.

At the crossing of the Modder river the Boers halted, leaving four tents, guns, oxen, wagons and large quantities of ammunition in the hands of the British. Moving northward, the Boers again attempted to stem the advance, but General French turned their flank and reached his goal with insignificant loss, seven men killed and 35 wounded, during the three days, from Wednesday, Feb. 14, to Friday, Feb. 16.

After a night's rest at Kimberley, General French's column pursued the Boers to Brandvlei, surrounding the fugitives on which they were posted and shelling them till midnight, when the Boers fled, leaving many dead.

General Cronje left a gun, his tents, food and clothing at Magerfontein.

Samford For Free Silver.

OPELIKA, Ala., Feb. 20.—The report from Birmingham in reference to the gubernatorial situation and contest in Alabama does Hon. W. J. Samford, Lee county's distinguished statesman and eloquent orator, an injustice in stating that he opposed the free coinage of silver at 16 to 1. Colonel Samford has always been a bimetalist and at no time nor under any circumstances has he ever opposed the free coinage of silver at a ratio of 16 to 1. He loyally supported Bryan for president and has always supported the regular nominees of the Democratic party in every election and conical in his power for the success of his party with a stalwart fidelity that will be rewarded.

To Be Made a Monastery.

CHATTANOOGA, Feb. 20.—A special from Winchester, Tenn., says that "Hundred Oaks" the palatial home erected on the old homestead of ex-Governor Marks, has been sold to the Catholic church for the establishment of a monastery. The building is a very handsome and imposing castle and was erected by Arthur D. Marks and not quite completed when he died.

New Revenue Decision.

WASHINGTON, Feb. 20.—Commissioner Wilson of the internal revenue bureau has made a decision in which he holds that a special tax stamp held by a corporation as a liquor dealer cannot cover the same business carried on by any person upon the ground that he had been a stockholder of the corporation at the time of its dissolution.

Queen is Gratified.

LONDON, Feb. 20.—The queen, prior to leaving Osborne House today on her return to Windsor, inspected the Fourth battalion of the Lincolnshire militia. Her majesty announced with a gratified smile that good news had been received this morning from the seat of war.

THE TROTTER RECORD.

Mrs. Lutz Anderson is driving Theirs, 2:06 1/2, on the road.

Kopi, 2:10, has the best mile record for a French bred horse.

Quarter Cousin, by Quartermaster, holds the Russian mile record of 2:14 1/2.

Mattie Patterson, 2:09 1/2, will likely take a shy at the wagon record next season.

A greenish of Direct, now in George West's stable, is expected to beat 2:10 next season.

Oxford Chimes is the name of the 4-year-old brother to The Monk, who is showing well at Jewettville.

All the horses that ever paced or trotted in 2:04 or better are alive with the exception of the pacer Rumps, 2:03 1/2.

The first harness race in California for 1900 was won by Santa Maria on New Year's day, by Thompson, 2:14 1/2, at Bouldie, 2:12 1/2.

My Trinket, dam of four in the 2:20 list, is also the dam of Ebba, full sister to Island Wilkes, 2:13 1/2, and Ebba is thought highly of for the M. and M. stakes of 1900.

Hal Pointer, 2:04 1/2, former king of the pacers, is now the property of Charles H. Fee of Detroit. Pointer has formerly been owned by horsemen of Williamsport, Pa. He will now be used as a road horse principally. In his palmy days Pointer won over \$40,000 for his owners.

Secret of Beauty

is health. The secret of health is the power to digest and assimilate a proper quantity of food. This can never be done when the liver does not act its part.

Doyouknowthis?

Tutt's Liver Pills are an absolute cure for sick headache, dyspepsia, sour stomach, malaria, constipation, torpid liver, piles, jaundice, bilious fever, biliousness and kindred diseases.

Tutt's Liver Pills

POPULISTS WANT BRYAN.

Says Allen of Nebraska at Meeting of National Committee.

LINCOLN, Neb., Feb. 20.—The Populist national committee, presided over by Senator Marion Butler, today took up the question of time and place for the national convention. A proposition from the Texas delegation that May 9 be fixed upon as the date was amended to appoint a committee on both time and place. The amendment was opposed vigorously by the Texas delegation as "cowardly and trucking to the Democrats."

Senator Allen of Nebraska spoke at length in favor of harmony and for the naming of a date by the whole committee.

"Bryan will be the nominee of both Democrats and Populists," said Senator Allen, "and the question of date makes little difference anyhow."

Kansas City, Sioux Falls and Indianapolis presented claims for the convention.

Dead on the Street.

TAMPA, Fla., Feb. 20.—John W. Shallock of Louisville, Ky., dropped dead on Seventh avenue. He came here several weeks ago for his health, and was taking a walk yesterday when he suddenly fell to the ground and expired. He was related to Rev. Dr. W. W. DeHart of this city, and was a prominent gentleman at his home. The remains were prepared for shipment home.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle.

Hall's Family Pills are the best.

Wholesome Water.

The official analysis of the water furnished by the Pensacola Water Co. shows that every U. S. gallon of 2 1/2 cubic inches contains:

Chloride of sodium	425 grains
Sulphate of soda	365 grains
Sulphate of lime	201 grains
Bicarbonate of lime	398 grains
Carbonate of magnesium	306 grains
Oxide of iron and alumina	305 grains
Silica	349 grains
Organic and volatile matter	178 grains

Total solids 1,524 grains
After evaporation 1,215 grains
No taste or odor, phosphates, nitrates or free ammonia.

The analyst, Prof. C. E. Chandler, Ph.D., of Colorado College, S. C., says: "This water is the purest that we have ever analyzed—free from all substances which would indicate pollution, extremely soft, admirably fitted for all domestic and manufacturing purposes."

Compare this statement with the water from surface wells, driven wells, so-called "springs" and ditches, now used by many residents of the city, and reflect that for as a year payable semi-annually in advance) 95 cents a month, or about 2 cents a day for one faucet, any one now using surface water filled with all manner of impurities, microbes and bacteria, can procure an abundant supply of water for the use of an average family, for drinking, cooking, washing, etc.

As a sanitary precaution against the sickness that is sure to result from the use of impure water, if for no other reason, the use of the city water should be more general, and its extreme cheapness leaves no excuse for not using it. Landlords owe it to the cause of public health, to the welfare of their tenants, and to their own pecuniary interest in securing the best classes of tenants, to put in connections on their property.

LEE DANIELL.

BACON OPPOSES EDWARDS.

Interesting Controversy Over Bacon Postmastership Question.

MACON, Feb. 19.—The friends of Harry Edwards and the entire city have been surprised by the letter of Senator Bacon to Mr. Edwards, which has been published, in which the senator says frankly he will oppose the nomination of Edwards. His principal reason appears to be stated in the following extract from his letter:

"It is proper to state that on account of an occurrence of some years ago, in which you not only offended, but most deeply wounded Judge Bartlett, your appointment would be personally objectionable to him as postmaster at his home office. In this connection I take occasion to say, as a senator, I feel it my duty to oppose the confirmation of any postmaster at the home postoffice, nor only of Judge Bartlett, but at the home office of either of the representatives from Georgia in a case where the person nominated to that office was personally objectionable to such representative."

Mr. Edwards replies in a spirited letter, two columns in length, which has been given to the press. The controversy excites more than usual interest from the fact that Senator Bacon and Mr. Edwards were for a long time personal and political friends.

SOUTH FORGING FORWARD.

The New Industries Reported During the Past Week.

CHATTANOOGA, Feb. 19.—The more important of the new industries reported by The Tradesman during the week ended Feb. 17 include a brick works in Tennessee and West Virginia; three cotton mills in Alabama, four in Georgia, one each in South Carolina, Tennessee and Texas; cotton seed oil mills in North and South Carolina; an electric light plant in Arkansas; flouring mills in South Carolina and Texas; a furniture factory in South Carolina; gasworks in Tennessee; a hardware company in Virginia; a hat factory in Tennessee; an ice factory in Alabama; iron ore mines in Alabama; iron works in Georgia; knitting mills in Georgia and Virginia; lumber mills in Arkansas, Georgia, Louisiana, Tennessee and Virginia; a mineral and timber company in Tennessee; an oil and gas company in West Virginia; a paper mill in Alabama; phosphate mines in Tennessee; a saw, door and blind factory in Alabama; steelworks in West Virginia; a telephone and telegraph company in Virginia; a tool company and wireworks in West Virginia; a \$50,000 woodworking plant in Texas.

WILD WITH ECZEMA

One of Pittsburg's Most Estimable Business Men Certifies to the Wonderful Efficacy of Cuticura.

I was a sufferer for eight years from that most distressing of all diseases, Eczema. I tried some of the best physicians in the country, but they did me little good. The palms of my hands were covered, and would become inflamed; little white blisters at first would appear, then they would peel off, leaving a red, smooth surface which would burn like fire, and itch; well, there is no name for it. On the inside of the upper part of both my limbs, great red blotches, not unlike hives, would appear, and as soon as I became warm, the burning and itching would begin. Night after night I would lie awake all night and scratch and almost go wild. I got a box of CUTICURA Ointment, a bottle of CUTICURA RESOLVENT, and gave them a thorough trial, and after a few applications I noticed the redness and inflammation disappear; before I had used one box there was not a sign of Eczema left. I can truthfully assert that \$2.00 worth of CUTICURA REMEDIES cured me.

J. D. PORTE, 428 4th Ave., Pittsburg, Pa.

CUTICURA THE SET \$1.25

Complete External and Internal Treatment for Every Humor, consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA Ointment (50c.), to allay itching, irritation, and inflammation, and soothe and heal, and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring skin and scalp diseases, rashes, itchings, and irritations, with loss of hair, especially of infants and children, when the best physicians and all other remedies fail. Sold throughout the world. FOTTER DRUG AND CHEM. CO., Sole Props., Boston. "How to Cure Every Humor," free.
